Notable features:

The Sun notice of sale in 1851 (attached) of 1019 dates it before that year. It had a store in it. The houses are low with doors near the street, gable roofs, most have lost their original sash. Some have segmental arches. Number 1023 still has shutters. Numbers 1005, 1009, 1011 and 1019 have been formstoned.

Environmental context:

Lots (7, 12-18) at 1015 and at 1025-1037 have been cleared but there are no vacant houses. Busy, noisy, one-way street; needs good sized trees. Large gap at west end of block needs a quick re-use--perhaps a small park is better than new houses, due to difficulty of accommodating scale.
